

A close-up photograph of a hand holding a rectangular, off-white bar of soap. The soap has the word 'ARGENTUM' embossed on its surface. The hand is positioned against a person's skin, which is the background of the image. A dark blue vertical bar is overlaid on the top left and center of the image, containing the brand name and a headline.

ARGENTUM

The power of silver

ARGENTUM is a multi-award-winning skincare and fragrance brand that radiates the timeless power of silver. After years of research in the field of dermocosmetics, ARGENTUM developed a patented combination of two vital ingredients — silver hydrosol and DNA HP — to nourish the skin. The brand inspires beauty through the unique symbolism and poetry of 12 archetypes.

ARGENTUM

The signature fragrance of ARGENTUM, SE C3ME, is a herbaceous citrus-woody composition created in Provence. Notes of bergamot, geranium, rose, and sandalwood bring together all four elements, creating a sense of perfect balance.
